

Our Lady of Compassion Catholic Primary School

Governor Fact File

Name: Mary Scott

Role: Foundation Governor

My connection with OLC goes back for many years as I was a pupil at Olton Convent which preceded the present school. My four children attended OLC and I now have two grandchildren here.

When I finished at Olton Convent, I went to Manchester University to study Biological Sciences and then returned to the Midlands to take up a post teaching sciences at St. Peter's School.

I am totally committed to Catholic Education. Our Catholic Schools are inclusive and diverse and to be a governor in Our Lady of Compassion School is a privilege.

We Governors share the responsibility for helping the school translate the mission of "Living as Jesus taught us..." into the everyday reality in a school which provides a first class curriculum alongside opportunities for the whole school community to grow in faith.

'To Live As Jesus Taught Us'
